

Delivering
excellent services
to our clients

2018 Training Programme

IDEAL Public Health and Development Consultancy (IPHDC) offers training and capacity building services which meet international quality standards and address local (Institutional and individual) contexts to empower development and humanitarian actors to deliver desired results in their work. The standard and tailor-made courses offered by IPHDC are broadly categorized into three thematic areas:

Public Health Promotion, Program Management, Cross-cutting Issues

Our Mission

To enhance the capacity of development and humanitarian actors to achieve their vision, mission, objectives and context.

Our Vision

To be a leading international consulting firm providing specialized services to our clients in a professional, innovative and inclusive manner.

Our Values

Equity, social justice, honesty, professionalism, inclusive participation and accountability.

Our Quality Statement

- To ensure that our staff, processes and procedures adhere to the highest quality standards;
- To ensure that we continuously improve our training and consultancy services by learning and benchmarking against internationally tested best practices.
