About IPHDC

IPHDC is a training and consulting firm that seeks to empower humanitarian and development actors to deliver desired results in their work. We are committed to the empowerment of individuals and organizations through provision of professional consultancy services together with standard and tailor-made trainings.

Our services are provided by a team of experienced professionals including researchers, public health experts, gender experts, development experts, management and institutional development experts and a core group of IPHDC staff who provide technical and administrative support. Our consultants have a wealth of experience in their respective areas of work and have obtained their education from internationally reputed institutions.

Hygiene & Sanitation Promotion using PHAST, CLTS and CHAST approaches

Course objectives

- To build the capacity of trainees to impart knowledge to their community on prevention of WASH-related diseases.
- To equip trainees with practical facilitation skills of PHAST, CHAST and CLTS approaches.
- To enable trainees formulate appropriate health promotion messages using the BCC strategy.
- To provide trainees with planning, monitoring and evaluation formats for PHAST, CHAST and CLTS approaches.
