

IPHDC Profile 2025

Presentation outline

- Our vision
- Our mission
- Our core values
- Our culture
- Our statement of quality
- Our services areas
- Our strategic targets, 2025-2029
- Our clientele
- Our team

Our vision

A world with sufficiently skilled personnel implementing effective humanitarian response and sustainable development programmes.

Our mission

IPHDC exists to enable development and humanitarian partners to enhance their performance in relation to their vision, mission, objectives and context.

Our core values

Equity, honesty, inclusive participation, professionalism and accountability.

Our culture

IPHDC believes in Innovative, Demand-driven, Effective, Appropriate and Long-lasting (IDEAL) solutions to address development and emergency problems.

Our statement of quality

1. To ensure that our staff, processes and procedures adhere to the highest quality standards;
2. To ensure that we continuously improve our training and consultancy services by learning and benchmarking against internationally tested best practices.

Our service areas

IPHDC offers capacity building solutions that meet global quality standards and address specific contexts to empower development and humanitarian actors. The courses offered at IPHDC are broadly categorized into three thematic areas:

- Public Health Promotion,
- Program Management,
- Cross-cutting Issues.

Our strategic targets, 2025-29

Target 1: Supported at least 500 organizations around the world, 70% of which will be national organizations, through provision of appropriate capacity building services to improve their work.

Target 2: Built the capacity of at least 10,000 individuals involved in development and humanitarian interventions, 80% of whom will be nationals of developing and disaster-affected countries.

Our strategic targets, 2025-29

Target 3: Established and sustained strong working partnerships with humanitarian and development organizations together with key learning institutions.

Target 4: Established sustainable hubs in key geographical locations supporting local capacity building.

Our clientele

World Vision

World Food Programme

For a world without hunger

IPHDC PROFILE | 2025

Mag. (FH) Helga Prühlinger

Missio Österreich, International Projects, Austria

missio

I have gained a deeper understanding about the most important aspects that I should focus on in my work with different kinds of projects in Africa, Asia, and South America. The trainer was knowledgeable and very patient. He gave all the answers to my questions and gave practical examples based on his experience. Thank you for the wonderful training experience.

Seiba Serge

M&E Technical Advisor, The Carter Center

The Programme/Project Monitoring & Evaluation for Accountability and Learning (PMEAL) course was very informative and structured well according to my expectations. It was very insightful and made absolute sense in terms of the principles and their application in my day to day work. I am thankful for having the opportunity to enroll for the course and I would highly recommend the PMEAL course to anyone that is interested in improving their skills on Monitoring and Evaluation.

Mary Lopeyok

Africa Enterprise Challenge Fund (AECF)

This is a great course (PMEAL) and would highly recommend anyone working in the development sector to take it. I can say after taking this course I have developed new skills and knowledge that will be very useful in my work. The assignments were very relevant as they give the opportunity to apply the knowledge and skills gained.

RUSINE Alexis AGIAMONDO

"After this five-day online training, I feel satisfied and strongly equipped. Basics of PMEAL are clear for me and I feel more comfortable with PMEAL. Now, I palpably know WHAT to do and how to DO it to ensure M&E contribute to sustainable positive changes within communities I work for."
