Upon successful completion of the above courses, participants will be awarded with certificates and provided with relevant reference materials.

Tailor-made option

We also offer the above courses as tailor-made in response to specific client needs. Please contact us in case you need more information about this option.

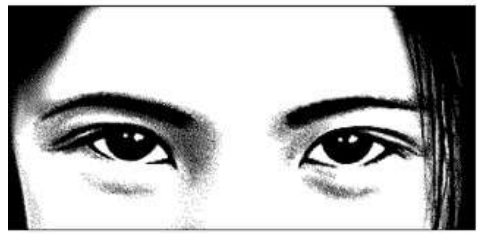

TESTIMONIAL: **THIRD QUARTER, 2020**

"This course has more than met my expectations. I got lots of opportunities to ask questions and talk about real project examples which made the course informative. I feel better equipped to manage our projects after completing the course and I will definitely put this knowledge into practice. I look forward to attending more training sessions with IPHDC."
