World Vision

Beryl Njeba, IRC Cameroon

My learning experience with IPHDC was more than fantastic. I was very much excited about the course when it began, the excitement was maintained right through to the end. It was a real eye-opener for me and the materials shared was loaded and extremely rich. It was very easy and clear to understand. The facilitator was very flexible and did his best to meet my expectations which I really appreciated. I am definitely looking forward to carrying out more trainings with IPHDC in the nearest future.

Kay Thi Khaing Myat Thu, Myanmar

This course has more than met my expectations. I got lots of opportunities to ask questions and talk about real project examples which made the course informative. I feel better equipped to manage our projects after completing the course and I will definitely put this knowledge into practice. I look forward to attending more training sessions with IPHDC.
