# ABOUT IPHDC

## IDEAL Public Health & Development

**Consultancy (IPHDC)** is an international firm specializing in public health promotion and program management for development, emergency and post-emergency contexts. Its core activities are geared towards building capacities, skills and competence for the critical analysis of thematic issues and subsequently designing evidence-based interventions, resource mobilization and implementing sustainable development programs.

### Our Mission

To enhance the capacity of development and humanitarian actors to achieve their vision, mission, objectives and context

### Our Vision

A world with sufficiently skilled personnel implementing effective humanitarian response and sustainable development programmes.

## Our Culture and Values

IPHDC believes in Innovative, Demand-driven, Effective, Appropriate and Long-lasting (IDEAL) solutions to address development and emergency problems. We also espouse equity, social justice, honesty, inclusive participation, professionalism and accountability.

### Our Statement of Quality

- a) To ensure that our staff, processes and procedures adhere to the highest quality standards;
- b) To ensure that we continuously improve our training and consultancy services by learning and benchmarking against internationally tested best practices.

## Our Services

We provide consultancy services to actors within development and humanitarian organizations with the aim of sharing our skills and experiences. Our services areas and courses are categorized into three thematic areas:

Public Health  
Promotion

Program  
Management

Cross-cutting  
Issues
